

CLERICAL LEADER OF REICHSTAG SAYS CAN END THE WAR

Dr. Erzberger Quoted as Declaring Only Personal Interview Necessary

IS NOW ON SWISS MISSION

Washington Believes Present Talk Intended Purely to Quiet Russia

(International News Service.)

Washington, July 30.—"Germany's latest peace suggestions sent forth from Berlin and Vienna carried nothing new. They are intended only to influence public opinion in neutral countries and probably in Russia. The United States cannot seriously consider them." This was as far as Washington officialdom cared to go today in commenting on the statement of the German chancellor and Austrian foreign minister.

RECRUITS RUSH TO LOCAL STATION

MANY DRAFTED MEN ARE VOLUNTEERING SERVICES TO UNCLE SAM.

The army recruiting station of Decatur in charge of Sergeant Ball is literally jammed today with men seeking enlistment in the different branches of the army.

So many are joining that those whose number is near the borderland of the first draft army are in serious danger of being called for service.

Among those who have joined since Saturday at noon are: George W. Cameron, of Madison, son of W. W. Cameron, federal live stock inspector; Robert R. Kent, son of Mayor I. J. Kent, of Hartselle; James C. Rogers, Huntsville; Jessie R. and Walter M. Ferguson, of Scottsboro; B. D. Johnson, Claude Neill, Henry P. McGhee, of Somerville; Robert Lawter, Wm. E. Vanpasser, Athens; Herman P. Stinson, Hartselle; Frank Dial, Bridgeport; Wm. H. Rogers, Cullman; Brawny Gordon, Castalian, Tenn.; John Allen, Tackler; Sam Schurlock, Toney; and Will G. Manning, Farley.

New York Swelters In Extreme Heat

(International News Service.)

New York, July 30.—The weather bureau made good today on its promise that this week would be a scorcher.

Today was the hottest of the summer in New York. The official thermometer registered 93 at noon.

\$537 Raised For Benevolent Hospital

A total of \$537 for the Benevolent hospital was raised during the two weeks' "dollar" campaign. This was the amount counted out at the Malone garage Saturday evening when the bottles were opened, and included several checks.

Doctors And Other Specialists Won't Fight in Rear Ranks

Drafted Physicians Will Be Placed in the Medical Corps. Examinations Are Under Way

(International News Service.)

Washington, July 30.—America's national army is being made today. Reports received at the office of the provost marshal indicate that physical examinations of drafted men began today in most of the large eastern cities and in some of the western cities. Smaller towns have been slower to organize their forces and order men held for physical examination.

Washington will be the first city to report its quota of 929 as "held for service," according to present indications. The District of Columbia already has nearly half a hundred men ready to answer the mobilization call. For the first time today there were official indications that drafted men will be assigned to those branches of the service to which they are best fitted.

Surgeon General Gorgas today requested Adjutant General McCain to hold all physicians drafted for commissions in the medical corps. It is the policy of the war department whenever a specialist is drafted to turn him over to the department for which he is best fitted.

CHICAGO STRIKE IS CALLED OFF

PATRIOTISM CAUSES MEN AND ROADS TO REACH AGREEMENT.

(International News Service.)

Chicago, July 30.—The 2,500 switchmen belonging to the Brotherhood of Railway Trainmen who struck Saturday because the Brotherhood was not allowed to dictate the appointment of yard masters, returned to work today after a settlement in which they won a partial victory.

The patriotic appeal of government agents who pointed out the necessity for fast transportation of troops and war supplies caused both sides to yield.

Building and Contents Damaged By Flames

Fire at Sibley Construction Co. Place Causes \$2,000 Loss.

Fire of unknown origin in the two-story brick building on Bank street, occupied by the Sibley Construction Company, this morning at 1:30 o'clock caused loss estimated at about \$2,000 to the building and contents.

The fire originated in the loft and quickly spread until the Decatur fire department arrived and extinguished the flames. Every window and door pane and the large plate glass in the front of the building was broken by the heat. Most of the lumber, paints and carpentry tools in the building were destroyed. One carpenter's level, which had recently been purchased for \$80, was so badly injured by the fire that it will be unfit for use.

The building is owned by A. G. Grayson of Franklin, Tenn., and it is not known how much insurance is carried on it. The Sibley Construction Co. had \$800 insurance on their equipment.

Warm Weather For Week is Predicted

The forthcoming week will be hot with frequent thunder showers, according to the prediction of the United States weather bureau. The weekly forecast reads:

"The weather will be warm and weather will be warm and generally fair, although widely scattered thunder showers are probable."

Gregory Announces Slacker Round-Up

Attorney General Says Men Who Dodged Draft to be Prosecuted.

(International News Service.) Washington, July 30.—Thousands of slackers are to be rounded up in a nation-wide search.

Attorney General Gregory made public today orders issued to every United States attorney to carefully seek out all men between the ages of 21 and 31 inclusive who are unregistered. He also ordered vigorous prosecution. "Reports received on July 16 indicate there are thousands of men between the ages of 21 and 31 who are unregistered," Mr. Gregory said today. "There must be no evasion."

Morgan County Red Cross Chapter Meet

A committee of ladies will be at the colored school building at 4 o'clock on Tuesday afternoon to organize an auxiliary of the Morgan County Red Cross chapter. Men, women and children are eligible for membership upon payment of \$1. It is hoped that the organization will be perfected at the meeting and a work room opened at once.

NEW CHURCH HOUSE MASTER LISTS ARE OF FIRST BAPTIST IS USED SUNDAY; DEDICATION LATER

REV. RUFUS F. STUCKEY OCCUPIED PULPIT SUNDAY MORNING AND EVENING, PREACHING STRONG SERMONS.

TELLS "WHAT A CHURCH IS NOT"

BUILDING IS BEING PAID FOR AS IT GOES AND WILL GET FINISHING TOUCHES PROBABLY THIS WINTER. MODERN IN PLAN.

Though not its formal dedication, yesterday morning's service was the first held in the new First Baptist church of Albany. The structure is modern in every detail, according to its plans, all of which, however, have not yet been fully executed. For instance, the dozen or so Sunday school class rooms have not been partitioned off from the main auditorium. The class rooms of the basement have not been completed. The finishing layer of flooring has not been laid. The new pews have not been placed. The organ and choir lofts have not been completed. The pastor's study, just back of the pulpit, is not complete. The large windows have not been fitted with glass. The church doors have not been hung. None of the inside ceiling is up. But the absence of all these things are contributory to the comfort of the church as a place of worship during the hot weather.

It seemed as though Rev. Stuckey and his members had tried to see how different their new church could be from the old one. In the old building the membership was greatly handicapped for lack of room and seats and especially for the lack of fresh air connections. Yesterday the open windows and doors, the high ceiling which was the metal roof far above, and the solid brick walls made as cool and airy a place of worship as one could desire.

PAY AS IT GOES.

It was stated by Arthur Tidwell, one of the trustees, that the policy of the church is to pay as it goes, and that all bills were being met as they came due. It is the hope that by cold weather enough money will be in hand to complete the church in every detail, at which time a regular dedication service will be held.

Prior to the sermon yesterday Rev. A. R. Wilson, a Methodist minister and an octogenarian, led in earnest prayer, as did Mr. Bibby of the congregation. Mr. Bibby, by request, prayed especially for relief from suffering for Miss Allie Stuckey, a daughter of Rev. Stuckey, and who it is feared is lying at the point of death.

In his sermon Rev. Stuckey manifested much of his old time fire and earnestness, but it was plain that he was laboring under a heavy load of sorrow.

The preacher's text was: "There is none other but the house of God; this is the gate of heaven." Gen. 28:17.

What a Church is Not.

In definition of a church, Rev. Stuckey first spoke of what a church is not. In this connection he spoke in part as follows: "A church is not red brick and black mortar, splendid fixtures, lofty spires, pipe organs and all the modern machinery of a modern church. Though that we believe in efficient equipment is shown by this splendid structure which is now (Continued on Page Two.)

OFFICIAL NOTICE OF DRAWING REACHED THE COURT HOUSE THIS MORNING. MORGAN COUNTY NUMBERS BEING COMPILED.

DAILY TO PUBLISH NAMES

ORDER OF SERVICE OF THREE THOUSAND TWO HUNDRED AND TWELVE MEN TO BE GIVEN AT AN EARLY DATE.

The official master lists of the drawing of men for the new national army at Washington on Friday, July 20, reached the office of the Morgan county exemption board this morning. They had been expected for the past several days, but were probably delayed at Montgomery.

As soon as the lists reached the court house, Circuit Court Clerk Jas. L. Draper, secretary of the exemption board, employed J. P. Thomas, of Decatur, to check off the numbers below 3212—the total of the registration in the county—in the order in which they were drawn. As soon as the numbers are checked, the names to which they apply will be compiled. The task is one of considerable magnitude, and probably will not be concluded before tomorrow night.

Daily to Publish List.

As soon as the checking is completed the Daily has arranged to publish the entire Morgan county official list—3212 names in all—in the order in which they were drawn. In this way every registered man in the county will know the order in which he was drawn, as well as the order of drawing for every other registrant. Aside from this, the list will be of vast historical value and will be preserved by thousands of Morgan county citizens as souvenirs. The full list of names will fill nearly three pages of the Daily, if set in the same size type as used in the every day publication of the paper. They will be published as soon as possible and will go to all subscribers. Extra copies can be obtained by leaving orders at the Daily office.

The exemption board has not yet designated the day on which notice will be sent to the 656 men who are to be summoned for examination or the first call. It will probably be the latter part of the week before these notices are mailed out. After the notices are sent, the men to whom they are addressed will be barred from enlisting in any branch of the military service. The county's quota of men for the first call is 328.

The four physicians named to assist Dr. M. W. Murray, county health officer, in the physical examination of those called to the colors, were sworn in this morning. They are Dr. F. P. Pettet, Dr. W. C. Bailey, Dr. W. H. Greer and Dr. Frank Chenault.

DENY AMERICAN BIRDMEN TO FIGHT UNDER PERSHING

(International News Service.) American Training Camp in France July 28.—(Delayed.)—The report that the Lafayette escadrille, composed of American aviators serving with the French forces had been transferred to the Pershing force, is untrue, it was stated today.

GERMAN ADVANCE IN GALICIA IS STILL UNCHECKED

Kaiser's Army Drives Forward, Hoping to Flank the Russians

BRITAIN PLANS NEW OFFENSIVE

Believed That Fourth Anniversary Will Be Celebrated By Big Battle

(International News Service.)

Geneva, July 30.—German troops southeast of Tarnopol have fought their way across the Zbrucz river, occupying the Russian town of Gusiayn, according to advices from Vienna today. Gusiayn is just across the frontier from the Galician town of Husiatyn. It is at this point that the Germans have concentrated their heaviest forces of men and artillery. Their object evidently is to break the Russian front in that sector and then swing to the north and south in two great flanking movements.

In the sector of the Czeremnoz river the Germans forced a passage near Kutly and are making towards Storodnyetz, 15 miles southwest of Czeremnoz.

(International News Service.)

London, July 30.—Friday of the present week will be the third anniversary of England's war declaration against Germany, and there were strong indications today that the British army is planning a great offensive drive against the Germans on that date. This is borne out by the terrific rammading in progress in West Flanders all the way from Arras to the North Sea, for over a week.

Aerial activity is on the increase. On Sunday thirty German aeroplanes and two captive balloons were destroyed.

According to the indications, Marshal Haig's new thrust may be even greater than the Somme offensive in point of numbers and the length of ground covered by it.

PATROLS CLASHED LAST

NIGHT ON WEST FRONT

(International News Service.)

London, July 30.—While the artillery roared on the West Flanders front, patrols were active elsewhere on the firing line during the night. The war office announced today. In the sectors of Bullecourt and Acheville minor fighting resulted from clashes between patrol parties.

Balance of Power With America in Great Air Battle of the Future

(International News Service.)

Washington, July 30.—In a summary of the situation as regards the war in the air, expressed today by Capt. in Amory De La Grande, of the French aviation corps, detailed to Washington in a confidential advisory capacity, he declared: "The world's greatest air battle is brewing. America will swing the balance which will sweep the Germans from the skies. America's program of aviation means the beginning of the end. Germany at the same time will strive to equal America's efficiency, but America, with her great power of men and materials can far over-shoot any mark Germany can attain. American men, fresh and courageous, will be the heroes of the greatest air fight. Superior in the air, the allies will then become superior on the ground and the end will draw near."

President Declines to Settle Food Control Muddle

(International News Service.)

Washington, July 30.—The deadlocked food control bill conferees will have to find their own way out of the muddle. Representative Lever, author of the bill, was scheduled to go to the White House today to try to induce the president to intervene and compose differences between the senate and house.

(International News Service.)

Washington, July 30.—Chairman Chamberlain called at the White House today and took back to the capitol the information that President Wilson will not stand for a congressional war committee and will insist on a one-man food administration. The senate and house, at loggerheads over amendments to the food control bill, will have to settle their differences the best they can. Senator Chamberlain was told.

More Time Asked On Telephone Bids

Contractors Go to Atlanta Today to Submit Estimates.

Bids are being received today at the office of chief engineer in Atlanta, Ga., for the construction of the central office of the Bell Telephone Co., on Johnston street, just east Second avenue. The bids were to have been opened last Thursday, but the bidders asked for an extension of time.

Among those who are in Atlanta today making their bids are: The Inglenook Construction Co., Baxter Bros., Huntsville; W. A. Slosser, Cullman, and A. J. Cribbs, Atlanta.

According to Manager Cassels the Albany office will have jurisdiction over Morgan, Lawrence, Lauderdale, Limestone, Jackson, Franklin, Winston and Cullman counties.

Last Night Was Hottest of Year

Despite the fact that much complaint was heard that yesterday was "the hottest day yet," the government thermometer only registered a maximum temperature of 99 degrees, according to Mrs. A. H. Irons. This is one degree short of the record reached last Thursday. But the minimum temperature last night was 73 degrees, higher than for any previous night this summer.

WHISTLING REMOVES NONE OF DARK'S TERRORS.

The Memphis Commercial Appeal, in reviewing the world war Sunday at some length, stated in reference to the Russian rout:

While the Russian army in Galicia is being driven back, geographically, it is about as great a capture of territory for the Germans as if the Mexicans were to overrun one county in Texas, holding this to be a big advance against the United States.

The comparison is not a satisfactory one, and the effort of the Commercial Appeal to minimize the menace of the Russian situation can accomplish no good. No ostrich ever escaped the glare of a blazing sun by hiding its head in the sand.

It is not the loss of territory to the Germans that clouds the Russian retreat, for this soil was but newly won. The sinister aspect of the retrograde movement of the Russian armies was the spirit of cowardice, mutiny and insubordination displayed. Had the Russians been driven to the gates of Petrograd by superior numbers, this would not have been cause for alarm. For them to flee before an enemy, whether inferior or superior in numbers, was a circumstance of the gravest concern to the United States. If the morale of the Russian troops is not corrected, if the spirit of the Russian armies is not arduous, then there is no doubt but that upon America will fall the burden of the Bear's disaffection.

For the Mexicans to capture a Texas county would mean nothing. For the American army to lose heart would mean much. There is but little excuse for minimizing the seriousness of the situation. America had just as well realize at start that the job that has been cut out for her is one of herculean proportions, so that preparations for conducting the war can be made on the same colossal scale.

MADE HERE AND AS GOOD AS THE BEST.

Albany-made overalls are on sale this week at reduced prices to introduce them by the merchants. Examine them carefully and you will see they are made of best material and of superior workmanship. They are made by the home people and by home labor. Support your town and people by buying them.

WEED CUTTING TIME.

A number of local streets are now hedged by a splendid growth of weeds. These crowd up close to the sidewalks and gently brush the garments of pedestrians, regardless of cost or texture. Worse still, the weeds afford an excellent incubation plot for mosquitos. The busy little insects sing and thrive and intrigue in their shady nooks, carefully mixing the poisonous miasmas with which they expect to inoculate an unprotected public. Malaria is spread, human ills and woes are added to. A bumper crop of weed seed is grown.

It would not be inappropriate, it would not be a waste of time or effort if the city moving machines made their occasional rounds. It would not be in bad taste if owners of vacant lots were to inaugurate a weed cutting of their own, the public health and the public welfare requiring it.

STOP THEM NOW.

The necessity of the presence of an officer at the bathing beach at the foot of Riverview Drive was pronounced on yesterday afternoon. Boys and young men indulged in throwing mud and rocks, making it not only unpleasant for bathers, but for those who had gone out for a "breather" and to see the bathers disport themselves. If the beach is to be enjoyed, such conduct must be suppressed at once, and those who insist upon making other people uncomfortable, taken into hand and shown they must desist.

well under way. A church may be prostituted to sin, rather than made to serve God's purposes. A church is not a social society. It is not a trading station. It should not be given over for a place to make money.

"The church is not a play house," continued the speaker, "either for young people's societies or for the children to run and romp in, or a place where loud laughter is heard. The church is not a place for dressing matches, where people seek to out-do each other in the amount of jewelry they can wear. I do not mean to meddle with people's private affairs or to say just how they should dress, but I do say that the church is the place to learn humility, and if we have our minds on dress we will not learn much humility."

What a Church Is For.

"We should regard God's house as the very gate to heaven. It will lose its sacredness if we permit its use for worldly purposes. The church is for the glory of God and the salvation of

men. It is a place where we are to meet God by appointment; where God speaks to men. The church is a place from which a ladder reaches to heaven; a place from which angels come and go; where we are reminded of God's promises, and where we are taught to bless and be a blessing. It is a place where men are awakened; where they discover God and learn to love Him. It is a place where we make vows to God, and where we become grateful to Him, and above all, it is a place from which men are to go out and live the religion."

PAIGE

The Most Beautiful Car in America

Protecting Paige Buyers

It is, and always has been, Paige policy to protect and conserve the interests of Paige buyers.

Contracts for large quantities of materials, entered into months ago, have enabled the Paige-Detroit Motor Car Company to scale its present list prices so that in no instance has the increase exceeded \$100. But when the present supply of materials is exhausted, there must inevitably be a readjustment of prices.

Paige prices are never fixed arbitrarily. The buyer is always permitted to share in the benefits resulting from foresight and good business judgment.

But price has never been the determining factor in the buyer's selection of a Paige car. He will continue to select the Paige independent of price figures.

The Paige wins the preference always because of mechanical excellence, beauty and supreme quality.

DISCOVERY THAT REVOLUTIONIZES HOME MEDICATION

Pharmaceutical Chemists Rob Calomel of its Nauseating and Dangerous Qualities. New Tablets Now on Sale Here Under the Name "Calotabs."

Calomel, the most popular and by far the most useful of all home medicines, has at last been purified of its objectionable qualities. The new calomel tablets bearing the name "Calotabs" are now available at local drug stores and according to druggists will rapidly take the place of the old-style calomel tablets. For biliousness, constipation and indigestion and for all other conditions where calomel is essential the new Calotabs is considered a practically perfect remedy.

One tablet on the tongue at bedtime, a swallow of water—no taste, no griping, no nausea, no danger. Next morning you are feeling fine, your liver is clean, your appetite splendid. Eat what you please. Calotabs are sold only in original, sealed packages, twenty doses for thirty-five cents. All druggists are authorized to refund the price as a guarantee that you will be perfectly delighted with Calotabs. (Adv.)

MISS ESTELLE HARTZES, HOSTESS TO CANAL STREET ROOK CLUB.

The Canal Street Rook club assembled at the residence of Mrs. Pete Dallas Saturday afternoon, where they were entertained by Miss Estelle Hartzes. The home was beautifully decorated in sunflowers, nasturtiums and ferns. In the club Mrs. William Edwards made top score; Mrs. Jno. W. Jones made the high score for the guests, who were: Mesdames A. Lambert, J. D. McMath, W. H. Watson, W. N. Hall, J. W. Jones, R. E. Simpson, Misses Victoria Burns, Helen Sanders, Lela Giles, Allene Camody, Jessie Irwin, Fannie Johnson. After the presentation of prizes an ice course was served. Miss Hartzes was assisted by her niece, Marie Ballas, who wore a dainty net frock, the movements of the little one suggesting a white butterfly.

Mr. and Mrs. E. D. Whitman have returned from a visit to Mississippi. Mrs. R. E. Sanders and daughter, Miss Mary Grace, returned Saturday from Scottsboro, where they visited relatives. Miss Annie Lois and Eula May Watkins, of Evergreen, arrived this afternoon from Sheffield to visit Mr. and Mrs. L. K. Wiggins. Miss Esther and niece, Miss Elizabeth Osler, went to Tusculum Saturday after visiting Mrs. W. H. Simpson. Mr. and Mrs. A. DeKoma, of Michigan, are the guests of Mr. and Mrs. E. R. Whitton. Mr. and Mrs. E. R. Whitton, with a few friends, motored to the woods on Sunday morning for breakfast. Fried chicken and accessories featured the repast. Miss Marcella Collier spent the week-end as the guest of Miss Theo Davis at Trinity. Miss Audrey Sibley returned to Russellville today after a visit to the Day family. She was accompanied by Mrs. W. H. Day. Mrs. R. E. Simpson returned to Courtland Sunday after visiting Mr. and Mrs. Fred Hunt. Mrs. Fred Hunt is confined to her home with a sprained ankle, sustained in a fall several days ago. Mr. and Mrs. Jefferson D. Minor and children and Miss Mary Carol Abernathy, who visited Mr. and Mrs. Jno. M. Minor, returned to Tusculum on Sunday.

Friday afternoon Miss Vivian Tilman, of Decatur, Ala., was the guest of honor at a rook party given by her hostess, Miss Mary Cowart, at her home on Montgomery street. Mrs. Fletcher Cowart assisted in receiving the guests and conducted them to the punch table, where they were served by Misses Mattie Lee and Birmam Cowart. The table was beautifully decorated with cut flowers to carry out the color scheme of pink and green, used in the living room. The dining room was attractive in yellow flowers, zinnias, nasturtiums and brown-eyed Susans being used. After several enjoyable games of rook a delicious ice course was served. Montgomery Advertiser.

Mr. and Mrs. Seneca Burr, accompanied by Mrs. Henry Lile, left Saturday for Atlanta, Ga., to visit Mr. and Mrs. Ernest Barnett. From there they will motor to Ft. McPherson to visit Robert Burr, who is in training at this camp. They will be joined at Macon, Ga., by Mrs. F. F. Tidwell, who will make the return trip with them.

Mrs. Evans, of Mobile, will arrive tonight to visit her daughter, Mrs. P. G. Kimbrough.

Miss Marjorie Workman will arrive Tuesday to visit Mrs. Early Phinizy.

Mrs. O. Kyle and daughter, Miss Jennie, have returned from Montgomery.

Miss Vivian Tilman arrived today from Troy, where she visited Miss Cowart.

Miss Mabel Nesbit has returned from a visit to Reform, Ala., and other points.

Miss Carrie May Pickens of Town Creek, is the guest of Mr. and Mrs. B. B. Pickens.

GETTING BY

In the large cities a good percentage of the population have become habituated to buying out of season—buying overcoats and woolen blankets in July, and fans and linen dusters in January. There is no "trick" in this way of doing at all. These people who want to make every penny do so best, so that they will have a part of their earnings to lay by for a rainy day, have learned by down-right experience that when the mid-season business is over, the merchant is usually satisfied with the profits he has obtained, and rather than carry the out of season stock for another year, he is content to make great sacrifices on what he has left.

On the back page of this paper we are telling you just what we are offering the public along this line. The summer season is only about half over at yet, but we are pretty heavily stocked on summer merchandise, and are now willing to take what we put into these goods, in order to get the cash to put into new fall stock. Now mark our word—the staples, such as underwear, etc., will cost just double the amount next summer as what we are selling now is based on 12-cents cotton, against 25-cent cotton bases for next year. Frank S. Harris Now Sells The Hupmobile

Chooses Four-Cylinder Car In Preference to Other Types Because of Its Year-Ahead Beauty and Wonderful High-Gear Performance

It means a great deal to me, both in a business and a personal way, to be able to make this announcement.

I make it with the hope that it will be received as good news by my friends and by the thousands of motorists with whom I have come in contact and whom I count as friends.

Now that I have made my bow, I want to talk business—Hupmobile business.

I've Got the Kind of Car I Wanted

I recently looked the automobile market over pretty carefully. Of course, I wanted a good car. I wanted a car that would not fail or falter on hills, or in sand, mud or snow—Summer or Winter. I wanted a car that had made its name and fame, and one that would always grow greater and stronger in popular favor.

I wanted a car known for its quality, its reliability, its economy, its service, its beauty—and its performance.

I felt that I could not afford to connect myself with any other kind. So I chose the Hupmobile.

Why I Chose This Four-Cylinder Car

This car, as you probably know, is a four. And you may wonder why I chose a four in preference to some good multi-cylinder car. You may be sure that I made sure before the deal was closed. I feel safe in saying that I know automobiles. I know them all. I know how they stand up—and what they'll do. And I tell you now, with all the earnestness at my command, that I couldn't find a multi-cylinder car that duplicates Hupmobile high-gear performance.

The Hupmobile Four Out-Shines the Others

I tried them all out; and the upshot of it was that I closed for the Hupmobile.

It will do everything that any reasonable man can expect of an automobile. It out-performs all the others I put to the test. And it has the beautiful simplicity and reliability of a perfected four. In addition it is the year-ahead beauty-car. Its style is the sort of style that will be good a year from now, or two years hence.

Beauty That Is A Year Ahead

In upholstery, in finish and fittings, in equipment, it abounds with features which are sure to please you and which—in many instances—are exclusive to the Hupmobile and make it in very fact the year-ahead beauty-car.

I have a demonstrator, of course, and I'm fairly itching to get you into it and take you out for a real trial ride.

If you'll accept my invitation to a comparative demonstration you'll see four-cylinder performance that will open your eyes. Come any time.
